FREIGHT SIZES

We will cover freight up to 2 metres long, 1.2 metres wide and 1.7 metres high. Any freight in excess of these dimensions is considered “out of gauge” and can be handled subject to quotation & specific arrangement. In addition, any consignment needing a curtain sider, tail-lift or any other special consideration will be subject to prior arrangement and quotation.

FALSE CALLS

Our vehicle timetables are organised by location and the greater of either weight or volume, and are subject to strict deadlines for both deliveries and collections.

If we have scheduled a collection to a vehicle and the freight is not available or cancelled, this can cause a reduction in revenue that is difficult, if not impossible to replace. This can cause major delay that could jeopardise further consignment deadlines. Therefore, in most cases we need to make a charge equal to the booked weight / volume and relevant loss of revenue.

If the delivery is refused, particularly with heavy or bulky freight, then the freight has to be kept on the vehicle, limiting load space and vehicle availability. In such instances, we must not only charge for the aborted job, but also for any reduced availability of space or time which translates to a 50% uplift for the return.

SPECIAL DELIVERY SERVICES

SAME DAY

We offer competitive rates for same day deliveries or collections.

DEDICATED VEHICLE SERVICE

UCH can also offer the use of a single, dedicated vehicle for delivery or collection of your consignment, subject to prior arrangement and vehicle availability.

Rates for both of the above are subject to prior arrangement with a member of our operations staff.
